DETAILED ACTION

Allowable Subject Matter

1. Claims 1-40 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest some of the limitations found in independent claims 1, 3, 37, and 39. With respect to independent claims 1, 3, 37, and 39, the prior art of record (U.S. Patent No. 4,998,256 to Ohshima et al. and U.S. Patent Application Publication 2002/0061039 to Le Gall et al.) does not teach or suggest using a cylindrical lens between the semiconductor laser and the first and second photodetectors. Ohshima teaches using a beam splitter (36), not a cylindrical lens; Le Gall teaches a collimating lens (8), not a cylindrical lens. Therefore, independent claims 1, 3, 37, and 39 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
